Word from the Editor

**"The God that answers by fire He is God."
1Kings 18:22**

Have you ever had a no win situation where it didn't matter what you would do, it looked like you would still lose. Yet you knew in your heart that you had done no wrong and that the enemy had set you up. Have you ever come against established traditions and customs, rules and regulations set by man, opposition to the truth? Have you ever felt like your last decision brought you to a place that felt like you had the enemy at your back and the Red Sea in front of you? Have you ever thought I am the only one left standing! Well know this, that you are not alone, you stand with some of the greats in the Bible including Elijah. He challenged not only the king and his kingdom wickedness; he challenged the demonic forces and the false prophets of his day. He challenged them openly and publicly and it could have cost him his reputation, his credibility and ultimately his life. Yet he knew that he was not on trial- his God was. And He knew his God would answer by fire.

The same fire that consumed the sacrifice laid upon the altar, the same fire that Moses saw burning in the bush on his encounter with God, the same fire that Shadrach, Meshach and Abenago went into and encountered the Son of Man, the same fire that purifies and cleanses the thoughts and intents of the heart is the same fire that God is sending in these days to prove that the false idols that man has chosen to serve are not gods, but that only He is God. So if this is you and you are facing a difficult situation cry out for the fire of God and remember that this fire will not only change the situation it will ultimately change you.

WIM Dance Classes at your Church

For those of you that viewed the dance troupes at Heavens Rehearsal and have desired to have this style of dance ministry operating at your church I am happy to announce that we are now in the planning stages of starting worship dance classes in the greater GTA area at several different churches. These classes are a great alternative for children attending secular dance schools, as an affective tool for evangelism, to equip dancers in the church to add dance as a ministry to the worship and overall healthy program for the body and spirit.

If you are interested in having ongoing classes or sessions at your church or would like to know the location of the churches that we are presently teaching dance classes at, please do not hesitate to contact us.

7-7-7 Worship Conference-Touching Heaven Changing Earth

Over 700 worshippers gathered together in the Toronto Congress Centre's Cohen Ballroom on July 7th, 2007 to experience a worship dance celebration like no other that has been done before in our nation. It began with 7 shofars blowing followed by "**Consuming Fire**" and "**Arrowhead**" bands, two very anointed worship vessels, which led the attendees into freedom of worship with flags, banners, streamers and other worship instruments. They worshipped the Lord God with all their might to the conference theme of "**Touching Heaven and Changing Earth**". Many of them consecrated themselves during the 2 day conference to prepare for the evening celebration. Added were many visual displays of worship dance, the creative arts, prophetic declarations about the nation of Canada and a prophetic act of a remarriage back to God. Among the participants and worshipping audience was representation from varying age groups, demographics and denominations from across North America.

The **777 Celebration Event** culminated with a divinely inspired prophetic message from **Kenny Blacksmith**, founder of **Gathering Nations International**, on behalf on the First Nations, Métis and Inuit peoples of Canada about the tides of change in Canada and blessing Canada and its people across the land.
A very special Thank You to all of the Worship bands, instructors, speakers, conference committee, vendors, visual artist, conference participants and all of our sponsors.

DVDs are available please be sure to order online www.777worshipconference.org

WIM Missions Trip to Brazil July 2007

This trip was amazing. God is so good. In spite of difficulties that we had not only with our travel in getting to Brazil (My luggage got there one day before I did), but also with adapting to the ways of Brazilians and the pace of the Nation. God remained faithful. For those of you that supported Worship in Motion on this endeavor we want you to know that not only were souls saved, lives changed, full congregations transformed to hunger for God, orphans loved on and lavished upon, all because you gave financially and prayerfully to make it a reality.

Brazilians are very hospitable and we were treated amazingly. Needless to say the food was awesome!!! We ate bread and the most amazing cheese everyday.

Language is not a factor when you travel with God. We were able to minister to full congregations with only one person as our translator and on a few occasions when she was unavailable we ministered in our heavenly language and on numerous occasions were told by people that they fully understood what we were saying because it was actually Portuguese. "Obrigado Jesus"

Needless to say we will never be the same after this trip, it was a full life lesson in 2 weeks and we all came out of it saying that we learned a lot in Brazil.

We will keep you updated as we go back to Brazil to continue the good work that God has begun there.
